

Anna Baird, Vendor Instructor, Stitches-N-Stuff Quilt Shop, Powell, TN

Over the last thirty years I have taught many different classes. However, for the last ten years my focus has been on quilting. When I was in my 20's I taught classes to a group of 4-H Kids. I have taught Block of the Month; one was Arcadia Ave. (paper piecing) and a Mystery Block of the Month, which I designed myself, with the EQ7 program. I had to add another day for the Mystery Block of the Month, because the demand was so great. I have created other patterns too, purses and quilts, one was the Blue Winter Fun; an applique Christmas quilt, with snowflakes, snowman, doves, boots, and other snow related items. I have quilted on a long arm, sit down machine. I have quilted, Quilts of Valor Quilts, which some of them have been custom quilted. At the 2018 Smoky Mountain Quilt show I won a ribbon for my "Never Enough Shoes" quilt. The quilt had applique and I also custom quilted it. I have given presentation and demonstrated of rules many times. I truly love to share my skills and techniques with others.
