

Cheri Termini, Vendor Instructor, Heartfelt Works, Knoxville, TN

Cheri has been quilting for decades. During those many years, she has been blessed by so many talented mentors that she credits for passing on their words of wisdom and loving quilting guidance. Of course, her earliest exposure to the art of quilt-making was introduced to her by her Grandma Pearl and her mother. Then, in the early years, she had the privilege of working at Calico Patch in Pennsylvania where she gained countless hours of training to better her quilting skills. She organized a group in the mid-1990s at her home church. The Sew Gracious Quilters of Wesleyville Baptist Church in Erie, Pennsylvania are still meeting, quilting, and sharing their God-given talents with their community.

Heartfelt Works was born out of the necessity to come up with quilt patterns that were created using precuts and fabric scraps. Cheri created the Strip-n-Mark ruler for use with the 2-1/2" strip jelly rolls to aid in making quick & easy half square triangles. She looks forward to seeing where this quilting journey leads next. Join her in taking a quilted Trip Around the World.
