

Class 17 – Intermediate & Up - \$120  
Carol Ann McCandless  
Dreaming of Free Motion & Fillers  
Wednesday, March 4  
8:30 am – 4:00 pm  
**(LONGARM QUILTING CLASS)**

Are you like me, dreaming of making the Dream Big Panel by Hoffman? Of course, you are! So, let's do it together! We will explore longarm quilting ideas for each petal, filling them with a variety of feathers and fillers. While discussing how to draw these feathers, you will begin to form your ideas for the panel. Then we can set our shared dream in motion and make it a reality!

There will be a handout full of design ideas for your reference. The handout includes explanations for forming at least ten different varieties of feathers, while putting your own spin on them. These are ten focus feathers we will be discussing: Swirls, Leaves, Background fills, Traditional, Lotus (leafy), Bump back, Hook, Open traditional, Feathers with your favorites, and Swirl feathers.

I look forward to meeting each one of you and helping your dream to become a reality. Questions? Please contact: [danceswithlongarm@yahoo.com](mailto:danceswithlongarm@yahoo.com)

**Kit Fee \$8 = Bring paper and a pencil or pen for notes.**
