

Class 57 – All Levels - \$45

Klaudeen Hansen

Checks & Rails

Saturday, March 7

8:30 am – 11:00 am

Great for scraps. Any strip, at least 2 ½” wide will work perfectly. Oh, yes, do you own a jelly roll? Is it too pretty to use? Here is the perfect place to sew it up. You liked the jelly roll; you will like the quilt! Class includes tips on how to sew the many checkers quickly and a demo on how to prevent excess stretching and curving when pressing. Fast and easy for anyone needing a quick gift; also works well for a group effort.

Sample shows black and white checkers for a bold, modern look, combined with lots of bright happy colors. Many other combinations possible-think school colors or any favorites. One very light and one dark is best.
