

Class 59 – All Levels - \$75
Nancy Lee Chong
Hand Quilting
Saturday – March 7
8:30 am – 4:00 pm

Have you just finished your first quilt top? Or, do you have stacks of tops that need quilting? Perhaps you want to make a wholecloth quilt or simply want to improve your hand quilting stitch. Then this process workshop is for you. While working on muslin in a hoop, you will learn the basic running stitch, the rocker method, and how to start and stop a quilting line. We will discuss fabric, batting, markers, thimbles, threads, needles, hoops and frames. All skill levels are welcome.
