

### **Nancy Lee Chong, Featured Instructor, Snohomish, WA**

**Nancy loves to teach applique! She learned to make Hawaiian Quilts back in 1978 while she was living in Hawaii. Calling on her degree in Education, she began teaching Hawaiian quilt making in 1982. Although versed in both traditional and art quilts, Hawaiian quilting and applique quilts continue to be her specialty. She and her sister, Janice Lee Baehr, formed Pacific Rim Quilt Company in 1991 where they developed three distinct lines of applique quilt patterns, *Hawaiian Quilts*, *2 Fabric Applique Quilts* and *Applique Quilt Borders & Table Runners* which she draws many of her classes from. Nancy's specialty is stress-free needleturn applique. She puts her students directly in touch with their needle, thread, and fabric. She shows how incredibly easy applique is without the use of all the needless complications. After taking a class from Nancy, beginners and experts agree that applique is not only possible, but positively addicting!**
