

Retail Industry

Safeguarding Guidance

In addition to strict adherence to CDC guidelines, the State recommends retail industries put into place an assortment of measures to protect consumers and employees, including:

Employee Protection

- Staff should wear face coverings (not N-95 or medical masks, which should be reserved for healthcare workers) and other personal protection items as recommended by the CDC
- Provide training on personal protective equipment based on CDC guidelines
- Provide a sanitizing station such as a wash basin with soap and/or bottle of hand sanitizer
- Stagger shifts, breaks, and meals, in compliance with wage and hour laws and regulations, to maintain social distancing
- Provide regular updates and training for employees about personal COVID-19 mitigation and store safeguards based on CDC guidelines
- Require all employees to report any illness to supervisor and require notification of COVID-19 positive case in employee's household
- Prohibit congregating in break rooms or common areas and limit capacity of such areas to allow for safe social distancing minimum of 6 feet whenever possible

Consumer Protection

- Limit the number of customers inside a store at a given time, excluding employees and representatives of third-party delivery companies, to 50 percent or less of store occupancy based on Tennessee's Building and Fire Code
- Customers should wear face coverings inside the store
- Consider dedicated shopping hours or appointment times for the elderly, medically vulnerable, and health care workers
- Establish one-way aisles and traffic patterns for social distancing
- Increase curbside, pickup, and delivery service options to minimize contact and maintain social distancing
- Assign dedicated staff to prompt customers regarding the importance of social distancing

- Add social distancing “reminder” signs, personal stickers, floor decals, and audio announcements

Business Process Adaptations

- Establish enhanced cleaning protocols that follow CDC guidelines including sanitizing shared resources (such as carts) after each use, and sanitizing all high traffic / high touch areas (such as counters check-out lanes, keypads, break rooms, dressing rooms, rest rooms) every two hours and when visibly dirty
- Use a clearly designated entrance and a separate clearly designated exit to maintain social distancing
- Use plastic shields or barriers between customers and clerks at service counters, and clean them frequently (every 2 hours and when visibly dirty)
- Adjust store hours to allow time for enhanced cleaning
- Prohibit the use of reusable bags (reusable bags may carry COVID-19)
- Suspend the sampling of food and personal hygiene products
- Task management-level employees within a store to monitor compliance
