One of Kimberly's biggest crowd-pleasers, the Chain Saw quilt always gets so many "oohs and ahs" from the crowd. This stunning quilt looks incredibly complex, but is easy and "sew" much fun to piece! It requires just one Layer Cake (10" squares) and one Jelly Roll (or thirty-six fat quarters) plus a background fabric. If you enjoy fun surprises as you sew, you'll love this design. No matter what fabrics you begin with, whether from your stash or precut bundles, the finished blocks will look oh-so-different than what you might expect! Kimberly will share dozens of her most helpful tips and tricks so you'll not only improve your cutting and piecing skills, but you'll stitch these blocks together with absolute ease. Plus, learn how to make great use of the leftover bits by constructing a HST Sawtooth border using Kimberly's ***Precision Flying Geese & HST Ruler!***
