Big, bold & beautiful prints have a chance to show their personality when pieced into this project. The square size makes it a perfect center for a queen size medallion style quilt. Sample is a perfect size for a table topper.

Look for a big floral, scenic or any special fabric where you can cut 8 ½" squares and still enjoy the print. The quick machine piecing technique for "4 Fast Flying Geese" will be demonstrated in class. Precutting will facilitate success in completing the center row, or more, in class.

**No KIT FEE: See Supply List for Class Requirements**
