Welcome to the 5<sup>th</sup> year of our Historic A Mountain Quiltfest Bus Tours! We are so excited about this year's theme and route. For the past four years, we have focused on the Eastern half of the Smokies. This year, we are heading to the Western side, aka "the peaceful valley" (Tuckaleechee) to the Cherokee.

We will be travelling on the New Foothills Parkway West and experience first-hand the engineering feat that spanned the so-called "Missing Link" for years. We will also have stops at several churches in the Valley, including the beautiful St. Andrews Chapel and Tuckaleechee Methodist Church. Country inns were a favorite last year, so we have added one in for "good measure." We will make a stop in Townsend for a little shopping and a luncheon meal and return through beautiful Wears Valley.
