DATE OF CLASS: Wednesday, May 5, 2021

10" Fabric Layer Cake squares are design powerhouses because of the potential for all the different blocks you can make from them, including these perfectly pretty pines! Choose 18 – 10" squares plus a background fabric and a little fabric for the tree trunks. You'll learn a fun, new technique for making the large center pines and using Kimberly's *Precision Flying Geese & HST Ruler*, the outer boarder trees are pieced from the leftover bits! Once you make one block, you won't want to stop because they are simply so much fun to construct. Choose your prettiest holiday prints or a selection of lovely green fabrics for a stunning quilt you can enjoy year-round. Come spend a fun-filled day in class with Kimberly and leave feeling like a precut fabric pro!
