

**Class 43 – FOUNDATION FILLERS – Beginner Friendly \$120**

Instructor: Carol Ann McCandless/Accomplish Quilting

LC: Greenbrier C (Hands-on Longarm Class)

Maximum Students: 14

Thursday, June 9

8:30 am – 4:00 pm (6 hour class)

Let's learn some new textures and fills. Carol Ann will share techniques for 20+ fills that can be scaled for small spaces in blocks or free-hand overalls. This class will help prepare you to tackle nearly any quilt that comes across your frame with confidence. You'll learn about negative space and explore which fills work best with the quilt. Quilters will walk away knowing how to use these designs to highlight features of quilt tops or scale them for free motion from edge to edge. In most every custom quilt, there will be fillers needed to complete it. Let's master those fillers together!

**Kit Fee: \$60 includes:** Design Guide for Class \* Custom Printed Top Panel Fabric \* Quilter's Rule Mini Straight-Line Tool \* 1 Cone Innova Tech thread to keep \* Batting \* Backing Fabric (Payable in class)

**NOTE: A Quilters Rule Mini Straight-Line Tool Ruler is included In the Kit Fee, if you bring your own, this amount will be deducted from the Kit Fee when you pay in class.**

*Innova Longarm Sewing Machine provided for each student by Accomplish Quilting*
