

RaNae Merrill

I'm passionate about quilting and even more about *teaching* quilting.

Maybe it comes from being the oldest of six kids—being the big sister, I was always teaching something to somebody!

I was also a pianist and piano teacher for more than 25 years. I have a lot of experience teaching people how to use their hands and all that went into Free-Motion Mastery in a Month.

I teach at quilt shows, guilds and stores worldwide and would love to teach at yours.
