Description:

Tsukineko All Purpose Inks (API Inks) from Japan are child-safe, archival quality, colorfast, and a permanent medium without changing the texture of the fabric it is applied on. It works on any POROUS Surfaces from paper to wood, wall, leather, and fabric (cotton, silk, poly, and wool.) Beginners welcome! Come and enjoy with no experience necessary to learn coloring fabric from your own stash using Fabrico dual tip markers or Fantastix brush.

Learn, explore, and expand coloring possibilities for color blending, shading, highlighting, and shimmering. For an even more dynamic outcome, use TSC stencils to create Patterns ON a white or white-on-white and printed fabric pattern Fabric. TSC DESIGNS offers a wide range of stencils featuring elements from nature.

Use TSC stencils as an overlay or partial design or mix and match to create your own pattern for art quilts and wearable fiber art projects. Understand how to use inks with different media to create gradient background colors. Practice TSC Design's many different INKING techniques using an art watercolor brush, household, or items from your local Dollar Store.

The possibilities are endless. Bring your own challenge Fabrics. Let's work together and apply what you learn from class to give your fabrics a new life.

Required class kit, \$30 payable to the instructor in class, includes an assortment of fabric blocks and lace; (2) sizes Fantastix tips; Water brush pen; Lg and small daubers; Ink droppers; Tidy tray; one API ink; one Fabrico Marker; TSC DESIGN stencil.
