Description:

Class description: In our Canvas Photo Embroidery Art workshop you will add simple embroidery stitches to your personal photo to create a unique piece of photo art. Choose a photo on your phone, edit it to black & white, and send it to your nearest Walgreens for a canvas print of at least 8" x 10" or larger. You will add color back into your photo with simple embroidery stitches to selected areas of your photo to either enhance an area, or add decorations to your photo. This is a fun workshop that is certain to inspire your creative juices, and entice you to make this unique type of gift for family and friends.

Cost of class kit: \$12.00 (includes handout, some threads)

Supplies for class sign-ups:

You will need a black & white canvas photo of your favorite subject at least 8" x 10" large. When selecting a photo choose an image that will be enhanced by colorful embroidery stitches, or something with a plain-ish background you can add decorative embroidery to. For example: with an image of a couple holding hands, you could add explosive fireworks to the background, to a pet photo you could add a halo of flowers, and so much more.

You will also need:

- a soft or mechanical pencil,
- eraser,
- favorite floss colors,
- embroidery needles

Optional: an awl, notebook, scratch paper for design work inspiration, phone/ipad for digital inspiration

NOTE: When ordering your canvas photo from Walgreens, be sure to look for a coupon code.

I'm looking forward to meeting ya'll and seeing all of the artistic creations I hope that works for all of the information you need for the class. Thank you.

Make each day your Masterpiece.
