Description:

Learn unique machine techniques that will enhance your next quilt! These vintage sewing techniques will raise the surface of your quilt and truly impress. We'll learn gathers, pleats, tucking and lots of other fabric manipulations, and then we'll cover how to put it into a block in your next quilt. Whether you are a traditional, contemporary, art, or modern quilter, you can add a cutting edge, yet classic look to your next project. Great for beginners and experienced sewists.

Kit Fee: None

Supplies needed:

- At least ten 8" squares of good cotton fabric in solid or solid like colors
- one fat quarter of good cotton fabric in solid or solid like colors
- a clear plastic ruler at least 8 inches long (like Omnigrid rulers)
- strong thread to match your fabric (I like 40 or 50 weight threads) scissors and thread snips
- a sewing machine with all accessories (empty bobbins, a 80/12 universal sewing needle, and foot pedal and all cords)
- gathering foot for your machine brand (You can do this technique without it, but it is a lot easier with it)
- a double needle for your sewing machine (Schmetz sells a set of 3 different sizes, which is what I recommend to buy)
