

## Stacie Spradlin

Seams Divine LLC

Stacie Spradlin has been sewing and piecing quilts for over 25 years. What began mainly as a hobby while raising and homeschooling her two daughters, it turned into a career in quilting and machine embroidery in 2012 when she opened her Etsy shop Seams Divine. In 2016, she purchased a long-arm and quickly became passionate about both edge-to-edge and custom quilting. Stacie is an award-winning quilter, quilts for BeColourful and Riley Blake designers and has had her quilting work featured in recent publications.

She has taught for the American Quilter's Society (AQS), for the International Quilt Festival in Houston and for several other quilt shows throughout the US. She speaks at quilting workshops where she demonstrates and shares her expertise in both quilting and design. Stacie loves to help fellow longarm quilters develop their own sense of style. She is always looking for ways to continue her own education so that she can help you create quilts that will be treasured for years to come.
