

Vickie Johnson, Featured Instructor, Nancy, KY

Bio: Vickie began string quilting in 2014 after meeting Barb Sanders and Virginia Baker in Louisville, Kentucky as vendors and authors of String Quilt Revival. She was simply fascinated by their beautiful display of string quilts so, she purchased their book, a package of stabilizer and two individual patterns. Vickie completed my first string quilt later in 2014 and was hooked. In 2018 she decided to teach a string quilting class using Barb and Virginia's book, but learned after contacting them, they had retired and were no longer having their book printed. As a result of this news, she began creating her own string quilt patterns and rulers for use in classes and have since enjoyed teaching this style of quilting to all skill levels of quilters.
